## Acute Inflammation as a Therapeutic Target for Statins

**Moderators:** Peter Fraunberger, Feldkirch, Austria  
 Danny F. McAuley, Belfast, United Kingdom

- 04:30 - 04:50    **SY 488** Cholesterol, Statins and Acute Inflammatory Disease  
 Peter Fraunberger, Feldkirch, Austria
- 04:50 - 05:10    **SY 489** Statins and Sepsis: Multiple Modifications at Multiple Levels  
 Marius Terblanche, London, United Kingdom
- 05:10 - 05:30    **SY 490** Statin (Cerivastatin) Protects Mice Against Sepsis-Related Death via Reduced Proinflammatory Cytokines and Enhanced Bacterial Clearance  
 Paul Redmond, Wilton, Ireland
- 05:30 - 05:50    **SY 491** Simvastatin in the Treatment of Pulmonary Inflammation and Acute Lung Injury  
 Danny F. McAuley, Belfast, United Kingdom
- 05:50 - 06:10    **SY 492** Statins in the ICU  
 Karl Werdan, Halle/Saale, Germany
- 06:10 - 06:30    **SY 493** Statins in Sepsis: The First Clinical Results (A 422)  
 Peter S. Kruger, Brisbane, Australia
- 06:30 - 06:50    **SY 494** Simvastatin in Experimental Bacterial Meningitis (A 419)  
 Frank Winkler, Munich, Germany
